**Re: Response to General Notice of Potential Liability
Yosemite Creek Superfund Site
San Francisco, CA
Hewlett-Packard Company**

Dear Mr. Reiner:

This letter responds to the General Notice of Potential Liability letter regarding the Yosemite Creek Superfund Site ("Site") that was dated February 21, 2008. Unfortunately, Hewlett-Packard Company ("HP") was unable to find any evidence of receipt of that letter. Upon learning of the likely existence from other recipients of the General Notice, undersigned counsel requested and received a copy from the United States Environmental Protection Agency on April 14, 2008. Please be advised that all future correspondence with HP regarding the above-referenced matter should be directed to my attention.

An HP representative attended the Yosemite Creek PRP Group Introductory Meeting that took place on April 16, 2008, at which you spoke. As you likely know from that meeting and the letter to Michael Massey in the Office of Regional Counsel dated March 25, 2008, and as HP learned at the meeting, a group of companies represented by Beveridge & Diamond has coalesced in response to the General Notice letter. HP received follow-up communications from that group since the meeting, and HP will be responding shortly. We will advise you of the progress of our efforts.
